

Annie Cast List

CONGRATULATIONS to the cast of Annie! We are so excited for this production. What a talented group of performers we have! The casting process is always a difficult one, but the casting panel is confident that we have selected the performers for each role which will best benefit the production as a whole. No matter what role you received, you should all be extremely proud of your audition. (We certainly are!) We also want to emphasize how important and vital to the show each and every cast member is. No matter what role a student is cast in we know that they are going to have a great time in this production and grow tremendously both as performers and people.

Double/Triple Casting and Understudies

We have chosen to double and triple cast many of the lead roles so that more students get the opportunity to shine. A performance schedule of which performances students will play their lead roles in will be given out about three weeks before the show. This gives the director time to see which cast members match up and have the best chemistry together. We only double and triple cast a role if there were two/three people who equally fit the role. We did not double cast people who were "almost" ready. Instead, we understudied several of the roles. Being an understudy is NOT a throw away role. Understudies will be required to attend all rehearsals for their role. In past Encore productions, understudies who have shown growth during the rehearsal process have been given the opportunity to perform their role. (Some even received more than one performance. So be encouraged and work hard!)

Our production staff has the tough job of casting a production with so many talented students. Now it's your turn to do your part. Please help us maintain a spirit of teamwork, encouragement, and humility. Perhaps you didn't get the role you wanted. You now have a choice. Choose to sport a positive attitude. Perhaps you got the role you wanted. You also have a choice. Choose to be humble. Everyone, please remember that words can be harmful and hurtful, a negative attitude is contagious, and gossip creates division. We take into account how you choose to handle disappointment when casting future shows. We value character here and who you are as a person. Often, the most growth happens when we don't get what we want.
