

Peter Pan 2019 Cast List

CONGRATULATIONS to the cast of *Peter Pan*! The casting process is always a difficult one, but the casting panel is confident that we have selected the performers for each role which will best benefit the production as a whole. We want to emphasize how important and vital to the show each and every cast member is. No matter what role a performer is cast in, we know that they are going to have a great time in this production and grow tremendously both as a performer and a person.

We have chosen to double and even triple cast many of the lead roles so that more students get the opportunity to step up to a larger role. A performance schedule of which performances students will play their lead roles in, will be released later. This gives the director time to see which cast members match up and have the best chemistry together. We only double/triple cast a role if there were two (or more) people who equally fit the role. We did not double cast people who were “almost” ready. Instead, we understudied some of the roles. Being an understudy is NOT a throw away role. Understudies will be required to attend all rehearsals for their role. In past ENCORE productions, understudies who have shown growth during the rehearsal process have sometimes been given the opportunity to perform their role, and this **may** be the case again.

Our production staff has the tough job of casting a production with so many talented performers. Now it's your turn to do your part. Please help us maintain a spirit of teamwork, encouragement, and humility. If you didn't get the role you wanted, please choose to have a positive attitude. If you got the role you wanted, please choose to be humble. Everyone, remember that words can be hurtful, a negative attitude is contagious, and gossip creates division. We take into account how you choose to handle disappointment when casting future shows. We value character here and who you are as a person. Often, the most growth happens when we don't get what we want.
